LEGION ASKED TO STAGE FAIR

Post's Executive Committee, Meeting Tonight, Expected To Accept Proposition

The Board of Supervisors has asked El Dorado Post No. 119, American Legion, to act as the governing body for the El Dorado County fair.

Post Commander Earl Chessmore has called a meeting of the post's executive committee to be held tonight at the War Veterans' Memorial Building and it is apparent that the committee will vote to accept the proposition.

The necessary legal action to perfect preliminary plans for the event was taken by the Board of Supervisors on Tuesday afternoon after the board had learned the state will appropriate \$30,000 for premiums for the fair.

It is proposed that the exposition be held during Thanksgiving Week.

Upon the Legion's acceptance of the Board's invitation to take charge of the fair, it is understood that an administrative staff will be immediately set up.

Cast Named For Lions Show

Final Rehearsals Held On Tuesday Night Point To Rollicking Success

Final adjustments in the cast for the Lions Show, "When Men Marry," which will be given Thursday and Friday nights at the high school auditorium, were completed prior to the last rehearsal for the production, held Tuesday night.

Some last minute changes were necessary, altering slightly the original cast, and the entire group of ninety Lions and associates went through their final paces on Tuesday night.

Seats are on sale at the chamber of commerce office at the Raffles Hotel, at the Crystal Market and at Pyle & Van's store and advance seat sales promise a large attendance on both nights of the show.

No seats are reserved.

The cast of ninety is topped by Leo Ench as the bride and Henry Lefevre as the bridegroom. It is an entire male cast with men taking the parts of women.

In addition to the rollicking fun of the three acts, there will be specialty numbers between the acts.

Reference to the advertisement appearing in this paper will disclose the complete cast.

Girl Saves Baby Sister But Loses Own Life

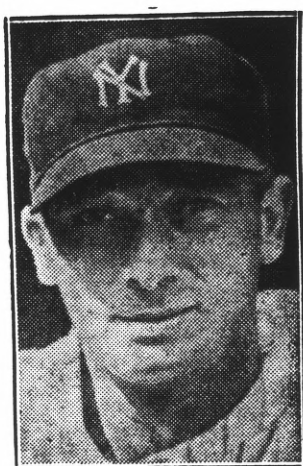

SYDNEY MINES, N. S., (UP)—Jeanette Shaw, 7-year-old miner's daughter, sacrificed her life to save her baby sister, Netta, 17 months, from being crushed to death under the wheels of a train.

Netta wandered from the veranda of her home onto the right-of-way and was playing with the stones between the rails as the train approached.

Jeanette, without hesitation, raced to the scene, grabbed the baby and threw her to one side, but was unable to get out of the train's path in time herself.

Shingle Springs Pair Get Reno License

Reno reports issuance over the weekend of a marriage license to James C. Curtis, 21, and Catherine E. Young, 18, both of Shingle Springs.

Tony Lazzeri, former San Francisco sand-lotter and Coast League star, who homed into the left field stands in the eighth inning of today's world series game to give the Yanks their eighth run. It was the first home run of the 1937 series.

4,000 TAX BILLS ARE MAILED

Notices Go To France, England, Philippines And All U. S. States

"Please remit."

This is the general sense of the message contained in 4,000 county tax bills, mailed this week at the direction of County Tax Collector George M. Smith.

According to W. R. Truscott, tax deputy in the sheriff's office, one of the notices goes to France, another to England, two or three to Canada, three to the Philippines, two to Hawaii and at least one to almost every state of the Union.

Truscott will mail an additional 1,300 about the end of the week, he said.

The notices inform taxpayers that the first installment of taxes will become due on November 1 and will be delinquent on December 5th, and that the second installment will be due on January 20 and will become delinquent on April 20.

Then, of course, there's the little matter of "how much."

SALES TAX RULING TO BE STRICTLY ENFORCED

Strict enforcement of Ruling 73, which would require California retailers to indicate to customers the amount of sales tax reimbursement collected on each transaction and, in effect, result in the passing on of the tax to the consumer was promised today by members of the State Board of Equalization at a meeting with representatives of various retail groups.

The first step in enforcement of the provision was taken when the Board cited Ralph's Grocery Company, 926 West 7th Street, Los Angeles, to show cause why its retailer's permit should not be revoked for violation of section 8 of the Sales Tax Act and Ruling 73. Section 8 specifically forbids "any retailer to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof imposed by this Act will be assumed or absorbed by the retailer."

Camino Couple Escape In Second Wreck

Mr. and Mrs. Don Hamilton, of Camino, had a fortunate escape from serious injury Tuesday evening when their car overturned on U. S. Route 50 a short distance west of the A. J. Rupley place about two miles east of Placerville.

The car landed bottom side up but Mr. and Mrs. Hamilton were not seriously injured.

This was their second mishap within recent months.

GIANTS LOSE, 8 TO 1

Four National Hurlers Fail To Halt Americans As Gomez Goes Entire Route

YANKEE STADIUM, N. Y. (UP)—The Yankees of the American League began their march toward another world baseball championship this afternoon when they defeated the Giants, 8 to 1, in the first game of the world series.

"King Carl" Hubbell, mainstay of the National League pitching forces, was chased off the mound and three of his successors failed to halt the barrage of the Yankee wrecking crew.

Tony Lazzeri homed into the left field bleachers in the eighth for the first circuit swat of the series. There was no one on base.

It was a pitching duel until the fifth inning when Rippe opened with a single and was advanced by McCarthy's bingle, to score when Mancuso hit into a double play and give the Giants their lone tally.

The Yanks batted around and then some in the sixth to hang up seven runs on five hits and two errors.

A crowd of about 50,000 saw the game.

The score	R	H	E
Giants	1	6	1
Yankees	8	7	0

Batteries: Hubbell, Gumbert, Coffman, Smith and Mancuso; Gomez and Dickey.

TEN MARKETS BUY 72 PCT. OF FRUIT

Remaining 28 Pct. Sold In 56 Other Metropolitan Cities, Says Report

CHICAGO — Fruit buyers in ten Eastern and Middle Western cities purchased more than 72 per cent of all the oranges, tangerines, grapefruit and pears shipped from producing areas to leading market centers throughout the United States in 1936, according to Charles Irrgang, chairman of the American Fruit and Produce Auction Association. These ten cities are New York, Chicago, Boston, Baltimore, Detroit, Philadelphia, Pittsburgh, Cleveland, Cincinnati and St. Louis.

The remaining 28 per cent of the fruit was sold in fifty-six other metropolitan cities located in thirty-three states, including Washington, D. C., he stated.

"There were 72,249 cars of oranges and tangerines; 16,479 cars of grapefruit, and 9,437 cars of pears unloaded in sixty-six ranking market cities throughout the country last year, according to statistics recently issued by the Bureau of Agricultural Economics, U. S. Department of Agriculture," Mr. Irrgang declared.

"Of this total of 98,165 carlot unloads of these fruits, 2,277 carloads were purchased by wholesalers and dealers in Baltimore; 8,169 carloads in Boston; 8,799 in Chicago; 2,440 in Cincinnati; 3,143 in Cleveland; 4,112 in Detroit; 27,575 in New York City; 8,276 in Philadelphia; 3,867 in Pittsburgh and 2,427 in St. Louis, or a total of 71,085 carloads in those ten cities alone...."

Safeway Executive Visits Placerville Store

Lewis Cook, of Oakland, division manager for Safeway Stores, was in Placerville Tuesday making his periodical rounds of the stores in his division.

It was Mr. Cook's first inspection of the new location and the well-lighted and conveniently arranged store room drew his favorable comment.

Forest Supervisor Edwin F. Smith and A. N. Weber, assistant forester, were in the Bear Creek section on Wednesday.

MOTHER LODE TOURS GRANTED FRANCHISE BY STATE

County Seat Will Be Over-Night Headquarters For 3-Day All-Expense Trips From San Francisco To Be Inaugurated On April 3, 1938, By Placerville Resident

The state railroad commission has approved the application of Mother Lode Tours for a franchise authorizing the operation of three-day all-expense motor bus tours of the Mother Lode operating from San Francisco.

Official notification of approval of his application, pending before the commission for several weeks, was received Wednesday morning in Placerville by Norman H. Robotham, the applicant.

Windsor, Bride Sail Nov. 3

Duke and Duchess Will Curtail Nazi Visit To Prolong U. S. Stay

PARIS, (UP)—The Duke and Duchess of Windsor likely will sail for the United States on the liner Normandie November 3, usually reliable sources said today.

The Duke and Duchess announced they would leave for Germany by train Sunday to study housing conditions there. It was learned they had decided to curtail their stay in Germany to remain longer in the United States.

Today, it was understood that the Duchess had told an intimate friend: "We leave for the United States early in November after returning from Germany October 23 to prepare for the voyage."

The Queen Mary sails November 10 but it was understood the Duchess was particularly eager to sail on the Normandie, which leaves a week earlier. The greatest secrecy was maintained about the trip.

Eagles Hallowe'en Dance Saturday, October 30

Placerville Aerie No. 889, F. O. E., with Joe Berneich as chairman, is making plans for its annual Hallowe'en dance, to be held Saturday night, October 30, at the I. O. O. F. hall. Red's Rhythm Rascals which, we understand, has been increased to eight pieces by the addition of a new "rascal," will play, and there will be free noise makers and favors.

Morning Star Lodge To Open Dance Series

The first of a series of dances under the sponsorship of Morning Star Lodge No. 20, I. O. O. F., will be held at the Odd Fellows' Hall on Saturday night, October 9. The lodge plans another dance on Wednesday, October 20. Friends are welcome to join in the evening.

FUND CAMPAIGN UNDER WAY

Individual Contributions To Support Of Work May Be Made Direct To Chairman

A portion of the proceeds of the financial campaign for support of Boy Scout activities, now under way, will go to the completion of the Junior Community Hall project in Placerville.

This announcement was made Wednesday morning by Dr. Lester B. Rantz, chairman of the district Scout committee, and John H. Palmer, chairman of the Scout financial campaign.

The Boy Scout officers said that the junior community hall committee has reported itself short of its goal and that arrangements have been made with the Golden Area Empire Council of Boy Scouts for a portion of the amount raised by the local campaign to go to the completion of the Junior Community Hall.

This will be a special phase of the campaign, in addition to providing funds for administering the Boy Scout work.

Chairman Palmer on Wednesday urged that any persons who wish to contribute to the Boy Scout campaign, and who are not solicited, communicate with him direct, either at his residence or at the Placerville Grammar School.

"Everyone knows the value of Boy Scout training and no doubt many (Continued on Page 4)

Congress Meets Nov. 15, Report

Montana Senator Reports Receipt Of Word; President Returns To Hyde Park

HAVRE, Mont., (UP)—A special session of Congress will be called by President Roosevelt on Nov. 15, U. S. Senator James Murray, D., Mont., said here today.

Senator Murray said that he and all members of the House of Representatives and the Senate had been informed of the session by an authoritative source in Washington. He did not disclose the source.

Murray said the session will probably deal with farm legislation, wages and hours and other "must" legislation on the President's program.

ROOSEVELT HOME

HYDE PARK, N. Y., (UP)—President Roosevelt returned here today from a transcontinental tour, confident that he still was in command of the farm belt, fearful of worldwide conflict involving the United States, but intent on domestic affairs and contemplating a special session of Congress.

He jarred the nation—and shook the stock market—yesterday with a speech at Chicago warning that continued spread of "international anarchy" would surely involve the United States.

Lioness, 3 Cubs Killed Above Georgetown

We learn from Edwin A. Green that Jay Bruce, state lion hunter, killed a lioness and three cubs in the district above Georgetown last Saturday.

Mr. Green happened to see Mr. Bruce shortly following the kill but did not learn the total number of lion scalps which the veteran hunter now has claimed.

Four lions in one day, is a good record in any league.

Mrs. Adrienne Liddicoet, Mrs. Clarence Hook, Mrs. Charles Doe, Mrs. Robert Ramsey and Mrs. George Wickes were at Sacramento Tuesday on business connected with the Girl Scout movement.

1938 STUDEBAKER CLUB SEDAN

Wider and lower bodies plus the modern designs of Raymond Loewy give the new 1938 Studebaker a beauty rarely attained by car manufacturers. The new Commander Club Sedan is shown above. One automobile critic said, "Its beautiful simplicity makes it simply beautiful." Note particularly the way the lamps match the radiator design, and the absence of hood louvers.

PARADE OF SPORTS

By HENRY McLEMORE
(United Press Staff Writer)

NEW YORK, (UP)—The World Series started today with the Giants, a property of the National Exhibition Company of New York, engaging the Yankees, field representatives of the Jacob Ruppert Brewing Company, also of New York.

New York City is tremendously excited and today it was impossible to go into a restaurant, hotel, or bistro without hearing dozens of persons talking about Justice Black, the Japs and China, and whether or not the series started Wednesday or Thursday.

Thanks to a masterful bit of foresight this department was not caught napping. As long ago as nine o'clock this morning we began a careful, hurried marshalling of World Series data for the information of our customers. Working hand in glove with the National Association of Glove Manufacturers we unearthed scores of interesting and little known facts pertaining to what one writer with a beautiful choice of words has termed "baseball's annual autumn fall classic."

No fact was too trivial for my conscientious research men to unearth. In fact, I doubt if as many trivialities were ever brought to light before. Here they are, listed in the same order in which they were dug up:

In the 34-year history of the series no team, either winning or losing, has had a stuffed cheetah for a mascot. The nearest approach was in 1919 when one of the contenders had several live "cheaters" on its squad.

The distance from the home plate at Yankee Stadium to Oklahoma City is 1,596 miles, or almost twice as far as it is from Pisco, Peru, to Quayaquil.

Bill Terry, manager of the Giants, rarely employs Portuguese when addressing his players, preferring English which he speaks with a decided accent.

Joe McCarthy, Yankees' manager, is a firm disciplinarian. Some of his "don'ts" for players are: 1. Don't view eclipses of the sun for any length of time without putting on dark glasses. 2. Don't keep pythons around the house as pets. 3. Don't shoot sitting birds. 4. Don't smoke an opium pipe, either on or off the field.

To become world champions a team used to have to win five games. This was shortened to best of seven in order to allow the baseball writers to write thousands of words on how anything can happen in a short series.

No world series player has ever given his cut of the gate receipts to charity.

No world series player ever will. The sacks used to mark first, second and third bases make comfortable and novel cushions for swings if a softer stuffing is substituted and the canvas cover replaced by a softer fabric, such as chintz or dotted Swiss.

The hit and run play in baseball was inspired by the tactics used at big recess by a cowardly little grammar school in Butte, Montana, 3 years ago.

For some reason the best baseballs are those that are covered with the hide of horses who spent their colthood in stables with an eastern exposure.

Frank Dixon was a caller on Wednesday from Rescue.

Mrs. Julia MacDonald was a visitor from the Rescue section on Wednesday.

Pigeons Arrive Home In Hour And 5 Minutes

A flock of 35 pigeons, released Sunday at the Pioneer Service Station for the Ft. Sutter Homing Club, of Sacramento, reached their coop at the home of Victor Sherrer, club secretary, in Sacramento in one hour and five minutes following their release here.

This is according to word received by Otto Perschke, of El Dorado, who released the birds, from young Sherrer, who is his nephew.

Art Masten Married At Carson City Recently

Friends of Art Masten report that the mystery concerning his disappearance about a month ago has been solved.

They have learned he went to Pine Creek, Oregon, where he "kidnaped" Miss Edna Weber and took her to Carson City where they were married.

Their engagement had been known to friends but their wedding caught their intimates by surprise.

Marriage License Refund Denied Following "Break"

WESTERLY, R. I. (UP)—It costs money even to think of getting married here these days.

A dejected swain walked into Town Clerk W. Russell Dower's office, "Say," he said, "my girl friend and I got a marriage license here a few days ago, but we've busted up. I haven't any use for the license now, so can I get my \$2 back?" The answer was "No."

Ross Kidnaping Listed As "Unsolved"

WASHINGTON, (UP)—The Federal Bureau of investigation has listed the mysterious disappearance of Charles S. Ross, 72 year-old retired Chicago manufacturer, as an "unsolved kidnaping." Records of the g-men show only two unsolved kidnapings in a total of 107 cases reported.

VARIED REACTION SHOWN BY NATIONS TO TALK BY ROOSEVELT

By UNITED PRESS

President Roosevelt's Chicago speech on peace met with varied reaction in foreign countries today—unfavorable in Germany, Italy and Japan, hailed enthusiastically in China and with reserved approval in Great Britain and France.

The British attitude was one of curiosity over the extent of action Mr. Roosevelt might take to put his suggestions into effect. The cabinet discussed his speech but was not prepared to take any initiative toward a boycott of Japan, leaving such a decision to the League of Nations.

Berlin was skeptical of the practical value of the President's speech.

A Japanese spokesman insisted that the Japanese, as "have nations," are entitled to equal status with the nations which "have."

6 U. S. MISSIONARIES REPORTED MISSING IN CHINA

SHANGHAI, (UP)—Six American missionaries who fled from Paoting during the disastrous Chinese defeat there two weeks ago were reported missing today by the United States consulate.

It was believed the missionaries were possibly with the Chinese army which fled to the south.

They are Dr. Maud A. Mackey, of Los Angeles; Mrs. Myrtle F. Pollock, address unknown; Miss M. C. Witmer, Mount Joy, Pa., and Miss Daisy Atterbury of New York, all members of the American Presbyterian Mission in Paoting.

The American board of Protestant Missions reported at the same time that E. W. Galt and Miss Abbie Chapin, also stationed in Paoting, had not been located.

STATE PAY INCREASES ARE HELD UP BY RESOLUTION

SACRAMENTO (UP) — Proposed salary increases for 873 state employees, amounting to \$450,000 annually, were held up today by the state personnel board through adoption of a resolution rescinding its previous approval of the pay boosts.

The resolution pointed out results of a state salary survey soon would be available and the board desired to avoid inconsistencies in wage adjustments.

Action of the board nullified pay increases for 213 state highway patrol employees and 660 workers in the sales tax and liquor divisions of the equalization board, including a proposed \$5,000 annual post for George Stout, state liquor administrator.

Fire At Postoffice On Wednesday Afternoon

Firemen were called to the postoffice, at the corner of Main and Coloma streets, on Wednesday shortly after noon when a quantity of insulating material between the ceiling of the second floor and the roof of the building caught fire from a blow-torch which was being used in connection with wiring the rooms for electricity.

Water damage resulted and it was said the insulating material would all have to be taken out, since there would be danger of the flames smoldering in the insulation, to break out later.

S. Army transport General Grant.

3 KILLED, DISTINGUISHED VIOLINIST HURT IN AIR CRASH

BANDOENG, Java (UP)—Bronislaw Huberman, 55-year-old Pole, one of the greatest living masters of the violin, a pupil of Joseph Joachim, and a familiar of the musical great, including Johannes Brahms, was injured today when an airliner crashed near Palembang, Sumatra.

Three members of the ship's crew were killed and seven others, including Huberman, were injured. Huberman was only slightly injured about the hands and arms and his career was not expected to be impaired.

BRIDGES FACING INQUIRY ON NEW CHARGES OF ILLEGAL ENTRY

WASHINGTON (UP) — Commissioner James L. Houghteling of the Immigration and Naturalization Bureau, revealed today that new illegal entry charges against Harry Bridges, west coast labor leader, are under investigation.

Bridges, head of the Committee for Industrial Organization maritime unions on the west coast, is an Australian. During the west coast maritime strike two years ago, illegal entry charges were filed in a move to deport him, but he was allowed to remain in the country. Houghteling declined to explain the nature of the most recent charges.

"Any charges made against aliens always have been and will be investigated by the Bureau of Immigration and Naturalization, and recent ones concerning Harry Bridges are now being studied," he said.

Strong Earthquake Hits Mexican Capital

MEXICO CITY (UP)—A strong earthquake shock was felt in the capital at 1:45 a. m. (PST) today. Buildings swayed perceptibly. No official reports were available as to the central quake zone as the observatory was closed this morning. The earthquake caused intense excitement but apparently inconsequential damage.

Absconding Suspect To Face Second Charge

SAN FRANCISCO, (UP) — David L. Strom, former teller in an American Trust Company branch bank in San Jose, was under a second federal indictment today on charges of absconding with funds of the bank.

Strom previously was indicted for the theft of \$26,000 but officials said they discovered rolls of coins had been replaced by rolls of iron washers of similar size and weight and he was charged with obtaining \$38,405 in this manner.

RUBBER CHECK "BOUNCES"

OAKLAND, (UP)—"Lack of evidence" was the judge's decision today when a "rubber" check, allegedly passed by Ted Shaw, 51, blew from the district attorney's desk into the street. The check was not found, and it was the only evidence in the case.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

"On the morning of the third day our route will lead via Sawmill Flat to Columbia and via Shaw's Flat and Mississippi House to Jamestown; from there to Knight's Ferry and Oakdale and to Stockton for luncheon at the Wolf Hotel.

"Following lunch we will visit the Haggin Memorial Museum and swing through the Stockton residential district, then over the Borden highway through the rich delta region to Marsh Creek, skirt the base of Mt. Diablo and through the fertile Ignacio Valley to Walnut Creek and thence via the lower tunnel road to Oakland and across the Bay Bridge to San Francisco."

DONORS OF BLOOD PLAN EXPANSION INTO NATIONAL UNIT

ST. LOUIS, (UP)—A national expansion program of the Blood Donors' Benevolent Society of Missouri is being planned, according to Jim Mayes, its president.

Chapters have been organized at Winston-Salem, N. C., where there is a membership of 200 donors, Alton, Ill., and Salem, Md. An inquiry has been received from Palestine, with a view toward establishing a chapter at that place.

The St. Louis group, organized three years ago, has a membership of 400 members, who have given blood for more than 700 transfusions.

Voluntary contributors provide money for expenses, which include \$35 monthly for Elvas Maxfield, a window washer, who transports donors to and from hospitals. Maxfield drives an average of 1,000 miles a month and seldom retires before 1 or 2 a. m.

Blood donors are not asked to give blood more than four times annually unless extreme emergencies arise.

"Wet, Severe Winter" Sunspot Forecast

SANTA CLARA UNIVERSITY, (UP)—Dr. Albert J. Newlin, head of the Richard Memorial Observatory, predicted that the nation in general would have a "wet and severe winter" this year. Dr. Newlin based his prediction on sunspots which recently appeared. He said there were four pronounced groups of spots on widely scattered portions of the sun.

The sun spot theory with respect to weather conditions on the earth was advanced originally by the late Father J. S. Ricard, S. J.

ASBESTOS SUITS FOR ROYAL AIR FORCE GIVEN TEST

LONDON, (UP)—British air pilots are to fly in fireproof clothes—asbestos suits in which a man could sit in a petrol blaze without serious injury.

Ground fire-fighting trials with the heavy asbestos suits have produced the new flying type, said to be lighter than the lined flying suits now worn by R. A. F. men. The material is closely woven light asbestos cloth.

Tests have shown that a pilot wearing such a suit has time after catching fire in the air to land his plane and escape. In an ordinary fabric flying suit a pilot cannot stand the heat of a real blaze in his plane for more than a few seconds.

An injured man in a fireproof suit could live some time in a crashed blazing plane until rescuers pulled him clear. The suit consists of an overall "teddy bear" suit, helmet, gloves and emergency visor.

3 OUT OF 5 CITIZENS OF PARIS HOLD JOBS

By PETER C. RHODES

United Press Staff Correspondent
PARIS (UP)—Almost 3,000,000 of Greater Paris' 5,000,000 inhabitants are gainfully employed, statistics show. There was a perceptible increase after the Blum government took office, due to work on the Paris Exposition buildings, it was explained, both in production and public service branches.

The astounding fact revealed by figures is that Paris is one of the largest producing cities of Europe, and can lay claim to being the largest metallurgical center of any capital city. A total of 424,627 workers are employed in metallurgical factories inside the Paris area. Moreover, most of the factories are located within the city itself, and not in the suburban area of Greater Paris.

Distribution between city areas proper and outlying suburbs is respectively 2,891,020 and 2,042,825. Those employed inside the city itself number 2,072,229, many of whom are commuters from the suburbs. The suburban area employs 857,703 persons.

Army Aviation School Locates At Denver

DENVER, (UP)—Denver will become one of the major air centers of the nation soon with an establishment here of a U. S. army air corps technical school.

The government has allotted \$968,000 of WPA money and Denver is prepared to issue \$750,000 in bonds to build, equip and start the school, to be located west of the city, near the foothills of the Rocky Mountains.

In addition, an appropriation of \$2,275,000 by the next congress is expected for maintenance of the school.
